Lake County

Grantee: Big Valley Band of Pomo Indians

Amount Awarded: \$27,442.00

Grantee Contact: Ms Sarah Ryan

CalRecycle Grant manager: Carla Repucci

Project Summary: Removal of illegally dumped trash, metal, vegetation piles and abandoned squatter travel trailer. Installation of fencing along perimeter of adjacent homes to prevent access and migration of dumping.

Total Awarded for County:\$27,442.00

Solano County

Grantee: Dixon Resource Conservation District

Amount Awarded: \$34,952.00

Grantee Contact: Kelly Huff

CalRecycle Grant manager: Carla Repucci

Project Summary: This project would clean up a historic and active illegal dump site on approximately 1.5 acres owned by Park Avenue Turf Company. In addition to cleaning up a variety of trash (including tires, boats, appliances, household waste, furniture), the project would clear and remove low vegetation to provide a line of sight for the tenant living on the property as well as install a fence to discourage future dumping.

Total Awarded for County:\$34,952.00

Sonoma County

Grantee: Kashia Band of Pomo Indians of the Stewarts Point Rancheria

Amount Awarded: \$39,324.00

Grantee Contact: Ms Nina Hapner

CalRecycle Grant manager: Carla Repucci

Project Summary: The Kashia Band of Pomo Indians has 41.85 acres of trust land. Clean up of illegal disposal sites were done in 2003, 2005, 2007 and in 2011. In 2003 the visible disposal sites were listed in the EPA illegal dump site database and were removed in 2005 and 2007. In 2011, the tribe received a small amount of funds from the Bureau of Indian Affairs to remove additional debris at previously cleaned sites that had debris below the surface that had not been removed under EPA funds. In 2012, tribal environmental staff revisited sites previously cleaned up to check for any illegal dumping. They did not find any new dumping, but did find dumps that were not apart of the initial cleanups. Some of this was due to vegetation growth and forest detritus obscuring them. We currently have noted 21 sites within or near the border of the 41.85 acres of trust land. Some are scatter sites, others are much larger at the top of the ravines. The sites together cover approximately 0.4162 acres. This project would be to remove the sites located. These are not new dumping sites. They are old sites that were missed in the earlier clean up events.

Total Awarded for County:\$39,324.00

Grant Count: 3

Grand Total for Selected Counties: \$101,718.00
